

**DC & UCL Forum**

This year's event took place on Tuesday 23rd April in the DC Auditorium. The core topic was 'The West is Dead – Long live the East!' which was chaired by UCL Alumna, Nasser Massoud. Our Guest of Honour for the evening was Professor Anthony Finkelstein, Dean of UCL Faculty of Engineering Services who joined forces with UCL Alumna Roberta Calarese to speak in favour of the motion. However, the convincing defence by DC Alumni, Navin Valrani and Pasangi Weerasinghe resulted in an overwhelming vote from the audience supporting their arguments!

During the second part of the evening, our Year 7 'debaters' took centre stage with the title 'We don't need no creative education!' With conviction and good humour they presented their arguments and impressed the audience with their skills – they will certainly be a force to be reckoned with in the future!

This is now a traditional event and a true community occasion when our students, parents, staff, governors and alumni of both Colleges can engage in, and listen to, high end intellectual discussion. We are looking forward to another successful event next year.

**Alumni Careers Convention**

On Wednesday 16th January we held our annual Alumni Careers Convention for Year 11. After an initial briefing from the Headmaster, over 100 students descended on B block to hear about career opportunities ranging from Aviation to Public Relations. Some of the career titles were fascinating – Off-Shore Seismic Exploration and Forensic Science to take just two examples. The students chose to attend any three sessions. The feedback from all was very positive with the students finding the sessions informative and helpful. As always, our sincere thanks to our Alumni and other members of the broader DC community for donating their valuable time to this important event.

This year has been another busy year of FDC events. The now annual Year 7 and Year 8 Fun Days took place in November and January as I am sure you can see from the photographs were thoroughly enjoyed by all.

This year we will also be introducing a Year 9 Fun Day which will take the form of a Raft Race at Jebel Ali Resort on 21<sup>st</sup> June. The spirit of this competition is for each team to make an ingenious vessel capable of taking four people from the beach, around two marker buoys and back, covering a total distance of approximately 90m. As always, these events do not just 'happen' and I would like to thank all the FDC committee members, students, parents and teachers for their enthusiasm, energy and support.

A major event this year was the Dubai College 35th Anniversary Ball. Four members of the FDC Committee, Anju Madnani, Phillipa Holbrook, Meena Javat and Kath Holt volunteered to take on the huge task of putting

this together. Working behind the scenes leading up to the Ball, they cajoled sponsors, rallied parents and visited venues. The end result was a spectacular evening at Jumeirah Beach Hotel ballroom attended by parents, staff, alumni and governors. Their hard work paid off with almost Dhs 95,000 raised towards Project Pavilion.

Throughout the school year the FDC has also been present at every sporting event to provide snacks, medical and other services to the participants and their supporters. A big thank you to all those who have volunteered either through baking, serving, cooking or providing vouchers.

Project Pavilion is still ongoing – for those who have not heard about this before, we are trying to raise funds to build a new building on the school field next to the tennis courts that will house changing rooms, seating for spectators and a kitchen. We have approval from the Municipality to go ahead with the project and the funds raised at FDC events will hopefully allow us to break ground soon.

As always, at the end of the school year we have to say goodbye to some of our members and supporters. We do, however, look forward to meeting the new Year 7 parents in September as well as those from other year groups and hope that they will also become involved. If you are a new parent reading this or an existing parent who wishes to be involved, please look out for details of our first meeting at the beginning of the next school year. In the meantime, we wish you all a relaxing summer.

I am sure there are some of you who will have heard about Project Pavilion before and there will also be those of you to whom this is news. The Pavilion, to be situated next to the tennis courts on the school field, will provide students with grandstand seating, changing rooms, showers and a kitchen.

Unfortunately, whilst we have been putting in a lot of work on this project, much of it has been in the background and it has taken us longer than we hoped. We have approval from the Municipality and are putting together a detailed plan that will allow us to be far more visible in our progress. This represents a big goal for the FDC and has required us to take a long-term view. We do hope to be breaking ground soon – but that will just mark the start of the work for us! We will continue to need your help in any way possible to enable our school to have what will be

an incredible resource, not just for the students, but also for the hundreds of other students and groups that use the fields throughout the year. None of the above happens without the great support the FDC receives from the school. In particular, the Headmaster, Mr Peter Hill, his team, and the Bursar, Captain Higgins, give encouragement and advice to ensure we stay on track. Several teachers and other school staff have also contributed their time and energy which is much appreciated.

Andy Laven  
FDC Project Pavilion Sub-committee

**Dubai College 35th Anniversary Ball**

Guests arriving for the Ball for the 35th Anniversary of Dubai College were welcomed to the Jumeirah Beach Hotel ballroom by the DC Jazz Band in fantastic form. The reception area was awash with music from some really great performances.

Once the guests were seated some won prizes – there was the standard door prize, but we also had a “bunny” and a “duck” prize for those lucky enough to have numbers and stickers under plates and the table! We were extremely fortunate to have major support from a number of key sponsors – Emirates Airlines, Jumeirah International, African & Eastern, Standard Chartered Bank and Emax who provided prizes and direct support for the event.

The core fundraising activity of the night was a silent auction and raffle. The silent auction had the following items which went to the highest bid at midnight: Emirates Airlines donated two Business Class flights to the UK, which they upgraded to First Class during the night, Beyond Lifestyle provided an Easi-I Massage Chair, Mrs Brenda Higgins allowed us to auction off one of her original paintings, Heritage Hotels a 4 night stay in 5\* Le Telfair resort Mauritius, and finally, from Gallery One a Limited Edition print by Gregg Sedgwick

Suburban Voodoo – a well known band in Dubai played two sets encouraging many of the guests to fill the dance floor both times and there was still a hard core group dancing to the DJ well past midnight.

The FDC are grateful for all the support from those who attended the ball and a special thank you to the FDC team: Meena Javat, Anju Madnani, Kath Holt and Phillipa Holbrook who made it all happen. Overall, the initial estimate is that we raised around 95,000 Dirhams towards Project Pavilion.

The FDC Team

# Year 7 Fun Day

The Year 7 Fun Day was held on Friday 6th December — with over 300 people, students, family and staff present. It was a great success and the results were extremely close with 7WD (Mr Wood's class) eventually winning. Judging by the amount of shaving foam used and wet participants it seemed like everyone enjoyed the day. The FDC would like to thank all those that helped and took part.

# Year 8 Fun Day

Once everyone was back from the Christmas holiday it was time for the Year 8 Fun Day.

The event started with a pool based competition where most of the teams made their intent clear – to win! There was lots of swapping going on as people found the best mix of objects to get from one end of the pool to the other – but eventually our judges sorted things out and having dried off it was time

for food. Pizza and burgers always go down well and there was only a little left – despite pancakes, popcorn and ices being available as well. It was also the first time we have cooked pancakes on the barbeque!

Down to the field where there were three events taking place: a soapy relay where each class needs to get a team from one side to the other, one person at a time over a wet and soapy tarpaulin (we were never sure whether those falling over did it on purpose or whether it was just really slippery!). A chain relay

– where each team simply needed to run together holding hands to the other end of the rugby pitch and back. As easy as that may seem we needed a second attempt because the first one resulted in everyone being disqualified! Then, the highlight of the day – the doughnut relay. Each class had to eat six doughnuts tied to string in a relay – the supposed spectators also all had doughnuts – but could use their hands.

Finally, the results which were the closest we have ever had - at the end of all the events the top two teams were a dead heat but on an official count-back 8CT won. Despite there being a winning team, who get to keep the cup until next year, everyone seemed to have fun – and hopefully no one went home hungry – just wet and happy!

**GCSE  
Presentation  
Evening**

The annual GCSE Certificate Presentation Evening took place on Wednesday 23rd January. It was a great opportunity to congratulate Year 12 on their fantastic achievements last year. It was also stressed that the students must now use the skills developed during Year 10 and Year 11 and develop them still further to rise successfully to the increased challenge of A Level study.

Students and proud parents were entertained by the superb musical talent of Lora D'Costa and Victoria Frost and the insightful speeches delivered by Azmina Gulamhusein, Joe Palubiski and Saima Seer.

Our thanks to Professor Gaad and John Merrigan, both Dubai College Board members, for presenting the certificates.

There was huge support for the Year 9 CASA Award Evening on June 10th. CASA stands for Community Action Service Award and Year 9 students have to demonstrate evidence of participating in each section of the scheme. The award therefore celebrates involvement in activities outside of the formal curriculum and leads to a much broader understanding of learning. Mr Gulliford was the Guest of Honour and gave a rousing speech. This focused on the value of academic qualifications in delivering success when compared to simply monetary advantage.

Our thanks to all involved for making the evening and the whole award programme such a success.
